ACQUITTED ON ASSAULT HERE; RE-ARRESTED

Arvey Kreglo May, 35, of Fairfield R. 1 and Carlisle, was found innocent by an Adams County jury Monday afternoon on a charge of aggravated assault and battery, and then was immediately arrested on a warrant out of St. Lawrence County, New York, charging bigamy.

May had been charged by Fort Ritchie soldier, Bennie Lee Barber, with assault and battery as a result of an incident last May in the Silver Dollar tavern near Fairfield.

Barber claimed May struck him on the head with a club originally described as a "bung starter" by police but which, when shown in court, appeared to be similar to a large night stick carried by police.

TAKEN TO JAIL

May did not deny striking Barber, but alleged he did so when the soldier "came around the bar" after him during an argument concerning payment of drinks. Barber had testified during the trial that he was a judo expert. He also admitted that at one point in the argument he told May he would "get even with him if it took two years."

According to the testimony, May relieved another bartender who had been serving the group including Barber. He then submitted a bill for slightly over \$4 to Barber who paid one dollar, claiming that was all that was owed. The argument ensuing from that dispute resulted in the blow from the club.

The jury directed that the costs be divided between May and Barber. When the group went to the clerk of court's office to pay, Sheriff Dawson Miller went along and there he read the bigamy warrant from New York to May, then took him to the jail to await action by the New York officials on the charge. May was still a prisoner in the jail this morning.

SAYS AIRPORT WOULD HELP LURE INDUSTRY

An airport with adequate facilities could help attract new industry to the county, Donald X. Sullivan, Orrtanna, told the Rotary Club at its meeting Monday evening in the Lamp Post Tea Room.

Saying, "I don't believe an airport here could ever attract airline accommodations because it would not be profitable," Sullivan added, "But it would be a good thing financially for the county to establish an adequate airport here."

"I know an airport could be established that would pay its own way, and it would help attract both tourists and industry. To establish merely an airstrip, a place to land, would be foolish and unprofitable. But an airport with facilities to maintain and repair planes would prove profitable."

FEDERAL HELP AVAILABLE

"It would prove profitable, however, only if the county would establish it. If a private individual spent the money to improve an airport then he would find taxes increasing and his job of making a dollar that much more difficult. If the county were to establish an airport it would not have to worry about taxes. And it could either operate it itself, or lease it to a base operator on bids that would make it self-sustaining."

"There is another advantage of a county-owned airport. The original cost, other than for hangars, etc., would be borne one-fourth by the county, one-fourth by the state

The polling places will be open from 8 a.m. to 8 p.m. Farmers from Hamiltonban, Liberty, Highland, Freedom, Mt. Joy, Cumberland, Straban, Butler, Menallen and Franklin Twp., are asked to vote at the Adams County ASCS office, located in the Adams Electric Cooperative building, rear of N. Stratton St.

Algerian Army Chiefs In Pow-wow To Unite Troops Against Rebel Guerrillas

ALGIERS (AP) — The chief of the regular Algerian army summoned guerrilla leaders to a meeting in eastern Algeria today in an effort to weld a common front against anti-Ben Bella guerrillas controlling Algiers and the surrounding area.

From his headquarters in western Algeria, Col. Houari Boumedienne called the commanders of Wilayas (military zones) Nos. 1, 2, 5 and 6 to the meeting in Setif, 150 miles east of Algiers on the road to Constantine.

ADVERTISE IN THE TIMES

Herbert Hoover Operated Upon

NEW YORK (AP) — Former President Herbert Hoover, 88, underwent an operation today for removal of an intestinal lesion.

Hoover withstood the operation well and is resting satisfactorily, a spokesman at Columbia Presbyterian Medical Center told newsmen.

"We do not know at this time whether the lesion was malignant (cancerous) or not," the spokesman said.

The operation took more than three hours. Hoover was in the operating room more than five hours.

MAKING TESTS

The lesion was taken to a laboratory for examination. Results probably will not be announced before Wednesday.

Hoover was wheeled into the operating room at 7:30 a.m. for removal of a polypoid lesion in the upper part of the large bowel.

The growth was described as a type that generally is noncancerous.

Hoover entered Columbia Presbyterian Medical Center Aug. 20 for a routine physical checkup. The hospital announced Monday that x-ray studies and laboratory tests had shown "evidence of a polypoid lesion in the upper part of Mr. Hoover's large bowel."

His health has been unusually good for one of his age. His last extended stay in Columbia Presbyterian was in 1958 when his gall bladder was removed.

BULLETINS

WASHINGTON (AP) — The House ways and means committee turned down today President Kennedy's proposal to renew extended unemployment insurance.

The margin was only one vote. It is possible for the committee to reconsider its action next month. However, administration leaders were visibly stricken by the action turning down a recommendation for which Kennedy made a personal plea. It was one of the measures he counted on to help the economy, when he decided against the more drastic move of a quick tax cut.

CHAMBERSBURG, Pa. (AP) — Two Chambersburg policemen were disarmed at gunpoint by three teen-agers who then drove off in the patrol car, borough police reported today. A little later, the police car was abandoned for an automobile the three had stolen.

Patrolmen Herbert Clugston and Jack Brown arrested the three youths for running red lights. The three were herded into the patrol car and headed for headquarters when one of the boys drew a gun and threatened the two policemen.

BEIRUT, Lebanon (AP) — The United Arab Republic delegation walked out of the Arab League Council session today and threatened to quit the league itself "unless this comedy of curses stops."

The action, climaxing angry verbal battles between Syria and the U.A.R., threw the meeting in the Lebanese summer resort of Shtaura into uproar.

Cairo radio and news agency reports said the U.A.R. had withdrawn from the league, but reliable sources there said the withdrawal was not yet final.

CHARLOTTE, N. C. (AP) — W. Frank Graham, father of Evangelist Billy Graham, died in a hospital here today.

Graham, 74, suffered a stroke.

Richard Lohr was in charge of recreation for noncommittee members during a "committee tool up" period. Mary Dorr, Gettysburg R. D., led recreation for all during a hour-long period.

OTHERS GIVE TALKS

Miss Brown presided at morning, afternoon and evening sessions Friday. Talks by Barbara Johnson and David Lott, Gettysburg R. D., and Barbara Rightmire and Leroy Bupp of York County were given on "Your Responsibilities as a Junior Leader."

Discussions were then held on "How Should Junior Leader Responsibility Be Determined?" with the discussion group leaders including Sally Brown, Shirley Bair, Robert Spangler and Duane Deardorff.

Waterfront recreation under direction of Charles Eicherdsen concluded the afternoon session.

In the evening talks on "Recreation to Take Back Home" were given by Hollyce Cooper and Dale Bair, Littlestown R. D. The evening program concluded with a panel discussion on "Problems You Face." and one-half by the federal government. Thus the county could get a \$200,000 facility for \$50,000 of its own money.

"A number of local firms have salesmen living in the Harrisburg area because of the convenience of flying out of the airport there. If there was an airport here they would live in the county and spend their money here."

LOST MONEY ON CIRCUS

"If the county established an airport here, it would be a facility open to all. No one could be given exclusive rights to it. And there is another thing about a public airport. It is a public facility just like roads, sewer systems and the like. The taxpayer has to maintain all the other facilities, but an airport could be made to pay for itself."

President Clark Smith presided at the meeting with 43 members and guests present. He announced, "We apparently lost money on the circus, but at the same time we provided the public with an excellent circus and those who attended praised it highly. We also gained in friendship with our fellow Rotarians in working together with them on the committees. I especially want to commend Frank Ruth, John Hostetter and Melvin Sargeant for their work. We'll have a complete report on the circus financially at a later meeting."

Dr. James Sheen introduced the speaker.

rected by "permanent" legislation. The 1962 wheat stabilization program was authorized by special legislation affecting the 1962 wheat crop only.

If at least two-thirds of the growers nationally approve quotas for the 1963 wheat crop, price supports available to growers who comply with their allotment will be at a national average of at least \$1.82 per bushel. Marketing quota penalties will apply to the excess wheat of farmers with more than 15 acres of wheat who do not comply with their farm wheat allotments.

If the quotas are not approved by the necessary two-thirds of those voting, there will be no quotas or marketing penalties for the 1963 crop of wheat, but their price support available to growers who comply with their wheat acreage allotment will drop to 50 per cent of parity, or a national average of about \$1.21 a bushel.

Proclamation of wheat marketing quotas is directed by legislation whenever the supply of what is more than 20 per cent above the normal supply. The total supply for 1962-63 is estimated at 2.4 billion bushels or 66.5 per cent above normal.

Defends Jacqueline In Bathing Suit

LONDON (AP)—A leading British columnist today defended Jacqueline Kennedy's frequent public appearances in a bathing suit.

"Since when has youth and grace and gaiety at the White House been improper?" asked the London Daily Mirror's Cassandra (William Connor), who rarely has a good word to say for the United States.

Cassandra took issue with Dr. Willis Ray a Colorado Baptist leader, who contended that both the President and Mrs. Kennedy has "thrown dignity, decency and decorum out the window" because they went swimming in bathing suits.

RALPH TERRY
BEATS TRIBE
FOR 19TH WINBy MIKE RATHER
Associated Press Sports Writer

Ralph Terry, who five years ago climbed out of a ditch to resume his pitching career, reigns today as king of the hill in the American League.

Terry, 26, a right-hander, reached the top Monday night with a sparkling performance limiting Cleveland to three singles in a 5-0 victory that ended the first-place New York Yankees' longest losing streak in four years at six games.

It left Terry, the AL's most winning pitcher, only one triumph, shy of the 20-victory circle, and propelled him another step upward in the long, hard climb that began on a bleak November night in 1958 when he fell asleep at the wheel of his car.

HAD FRACTURED HIP

Terry's car shot into a ditch and rolled over four times.

Terry recalls, "They took me to Kansas City (he had been traded by the Yankees) where they found I had fractured my hip. I spent seven weeks in traction, lucky to be alive."

In 1959, Terry was traded back to the Yankees. A year later he compiled a 10-3 record, but threw the home run ball to Bill Mazeroski that gave the Pittsburgh Pirates the World Series. Last year he was 16-5, although sidelined for a time and lost his one series start against Cincinnati.

GOING WELL NOW

This year he has been healthy all season and has stepped in as Ralph Houk's big winner. The victory against the Indians was his third shutout, and his 12th complete game, bringing his record to 19-10.

The triumph boosted the Yankees league lead to 3½ games over second-place Los Angeles and third-place Minnesota, both idle.

In the only other games scheduled, La Clinton and Carl Yastrzemski powered Boston to a 7-4 decision over Detroit and Washington blanked Baltimore 7-0 behind Tom Cheney's four-hitter. There were no games scheduled in the National League.

FACED 30 BATTERS

Terry hurled perfect ball until Bubba Phillips singled in opening the sixth inning. A single by Tito Francona in the seventh and Al Luplow's infield single with two out in the ninth were the only other Indian hits. Terry faced only 30 batters, striking out nine while walking none.

Rookie left-hander Sam McDowell (2-6) took the loss. He gave up two runs in the second inning, when Mickey Mantle doubled for the first of his four hits and Tom Tresh and Elston Howard walked.

Clinton hit his seventh homer in 13 days and added a double and single for three runs batted in while Yastrzemski was 3-for-3 with a double and two singles, scoring three times and knocking in two runs for the Red Sox.

Billy Bruton and Al Kaline tagged winner Gene Conley (13-11) for consecutive homers in the first and second innings. Conley, who had two hits and brought on reliever Dick Radatz to finish up. The loser was Hank Aguirre (12-5).

Cheney (5-8) posted his third shutout with his third complete game, retiring the last 12 Orioles he faced. Russ Snyder and Whitey Herzog shared Baltimore's four hits. Harry Bright, who was 3-for-4 with two RBIs, drove in the first Senator run with a first-inning triple off Billy Hoef (4-7).

Penn Begins Grid
Drills At Hershey

HERSHEY, Pa. (AP)—The University of Pennsylvania football team today starts two-day drills at its training camp here.

Camp officially opened Monday as Coach John Stiegman had his squad run a mile. Stiegman had put his players on notice they would run the mile in 6:30 when they arrived at camp and all but seven made the time.

Stiegman also got some bad news. Absent was veteran guard Mike Branca of Norristown, Pa., second-team All Ivy League last fall. Branca decided to give up football.

Rallying for two runs in the last of the final inning, St. Francis nipped St. James 9-8 to win the postseason playoff title.

The game was close all the way with St. Francis rallying twice to deadlock the score at 6-6 and 7-7 before pounding over its runs in the seventh to overcome an 8-7 deficit.

Swope and Hess led the winners' 12-hit attack with four and three hits, respectively. Smith and C. Johnson each poled a pair for St. James.

CLASSIC MAY
BE SCRAMBLE
FOR TROTTERS

DU QUOIN, III. (AP)—A colt

and a filly were among the most frequently discussed trotters named for the 37th Hambletonian, harness racing's foremost classic which will be renewed Wednesday.

Fifteen 3-year-old trotters drew post positions Sunday for the race which will have a purse value of \$116,612, with \$62,845 to the first horse winning two heats.

The draw left three favorites in a second tier with several longshots receiving more enviable starting spots among 10 horses in the front tier.

Will be SCRAMBLE

Drivers, owners and trainers were in almost unanimous agreement the first of the mile heats will be a scramble with favorites from the rear trying to breach the forward wall of horses.

There appeared a strong possibility of separate victors in the first two heats, pushing the race into at least a third heat.

Emily's Pride won a three-heat Hambletonian in 1958, and it went to four heats in 1960. Harlan Dean captured the first two heats last year.

SPRITE RODNEY

Sprite Rodney, a filly to be driven by 30-year-old Eddie Wheeler, was discussed as having the best chance of capturing the first two heats this time.

She stepped a mile in 2:00.25 at Vernon Downs earlier this month, the best time this season for any of the five fillies, nine colts and one gelding in the race.

Given unofficial odds of 3-1, Sprite drew No. 5 position in the front tier.

Tom Eaton of Norwich, N.Y., co-owner of Sprite, said she "is a very fast starter. The horse behind her could easily slip through the front tier as she leaves."

A.C. VIKING

In No. 15 spot, behind Sprite, is A. C. Viking, a large, dark colt who was established the 5-2 favorite. Viking, owned by A. C. Peterson of West Hartford, Conn., has won 10 of 14 starts this year and \$135,219 during his lifetime.

Sanders Russell, 62, Viking's driver, said he regretted the colt did not receive a better position "from which to show his talent."

"But considering the draw," he added, "the best I could have hoped for was to be behind a fast starter. And I must say that looks promising."

OTHER FAVORITES

Other favorites in the real bank are Spry Rodney (4-1), being driven by Del Miller from No. 12 spot, and Impish (3-1), No. 13, driven by Frank Ervin. Also in the second tier are Nathaniel (7-1), No. 14, piloted by Harry Pownall Sr., and Lord Gordon (10-1), No. 11, driven by John Patterson.

Happy Newport (10-1), driven by veteran Del Cameron, drew the No. 1 post on the rail ahead of Lord Gordon. Worth Seein (5-1) is being driven by Stanley Dancer, last year's top money-winning harness man, from No. 7.

Given No. 2, 3 and 4 posts, respectively, were Dubble T., an Indiana colt with 50-1 odds driven by Jerry Landess; Vario Hanover Warren and Oh You Kid (30-1), piloted by Cameron's son, driven by Harry Burright.

SCRANTON HAS CHARGED BIG "SHAKEDOWN"

STATE COLLEGE, Pa. (AP)—The Republican gubernatorial candidate has charged the Lawrence administration with a \$1 million statewide shakedown of highway employees for campaign purposes.

The charges by U.S. Rep. William W. Scranton met with immediate and sharp denials from the Democrats, including Gov. Lawrence, State Chairman Otis B. Morse and Highways Secretary Park H. Martin.

Scranton charged the Lawrence administration with ordering "every state highway employee, whether or not he is covered by the Hatch Act..." to pay two weeks in salary to the Democratic campaign fund.

OVER MILLION
Speaking to a GOP rally at the Centre County Grange Fair Saturday, he said the "total take would be in excess of \$1 million" if that amount were collected from the more than 17,000 highway employees.

Lawrence said "there is not one particle of truth in these accusations. Scranton will say anything his press agents tell him to say."

Martin, a registered Republican, labeled the charge "absolutely false." He said that state employees not covered by Civil Service have been asked over at least the last 50 years to contribute to their political party "and they do make contributions."

He added: "I know the Highways Department... and no employees have been asked to give two weeks pay or any amount."

Morse called the charge "ridiculous" and said Scranton "once again... is displaying his monumental ignorance of government."

Officials Will Admit Their Guilt

RIDGWAY, Pa. (AP)—Two former officials of four St. Mary's finance companies will plead guilty to three charges in connection with a \$3.7 million shortage, according to Dist. Atty. Norbert A. Powell of Elk County.

Powell said over the weekend that George Rupprecht and Carl Gerg will enter their pleas Thursday before visiting Judge Paul Campbell of Centre County.

Rupprecht was president and Gerg was secretary-treasurer of the Industrial Finance Co., parent firm of the other three companies.

Powell said the men would enter guilty pleas to charges of selling securities without registering with the state, issuing false financial statements as corporation officers and fraudulent conversion.

They were indicted by a grand jury last May.

CITES NEED FOR RELIGION

PITTSBURGH (AP)—Gov. Lawrence has called upon religious people to take a more active part in government and society.

Religious people must bring their active guidance to government and society and inspire them to move forward, Lawrence said Saturday night.

The governor addressed the sixth annual convention of the National Catholic Social Action Conference.

Another speaker was Bishop John J. Wright, head of the Pittsburgh Roman Catholic Diocese.

Bishop Wright stressed the importance of the individual and objected to the downgrading of the individual by modern sociological approaches to the masses. The human being still stands at the center of social problems, he said.

William A. Hayes of Chicago was elected president of the conference. He is chairman of the economics department at De Paul University.

The convention closed Sunday.

Woman Unhurt In Plunge Off Bridge

PHILADELPHIA (AP)—"Just take care of my dog," Mrs. Stella Miller told awed bystanders and police Monday night as she stepped from the wreckage of her car after it hurtled through a bridge guard rail, plummeted 50 feet and landed upside down on the Schuylkill Expressway.

The 35-year-old suburban Broomall woman was taken to Presbyterian Hospital and admitted. Hospital officials said, however, she was not seriously hurt.

Police said the crash miraculously occurred during a momentary lull in what is usually bumper-to-bumper traffic on the expressway.

Only other occupant of Mrs. Miller's car was her poodle, who apparently escaped unscathed.

A Lovelier You

By MARY SUE MILLER

THE SHAPE YOU'RE AFTER.

If you just do not happen to possess a figure that can carry off the supple shaping of fall fashion, the quickest way to get one is with new foundation garments. Designers have provided underpinnings that mold the one-and-only female silhouette into any one of the four principal fashion silhouettes.

To underline the "spare look" in fashion—the pared, drier cri look—there are soft, subtly shaped brassieres of nylon tricot and spandex. They are teamed with light-weight spandex girdles and pantie girdles that provide control panels where most needed.

For lean, casual silhouettes and natural, shifty shapings, too, underscoring takes the form of long-leg pantie girdles, banded through the thigh; of formfitting bras that lift but never exaggerate. Lithe, high waist girdles solves the problem of fitting the feminine middle into doll-waist, little-middle fashions. All are made in combinations of elastic and rigid materials.

Obviously, if you plan to wear more than one of those silhouettes, you may need a variety of foundations. In any case, do vary the colors of your foundations. Color is the spice of all lingerie fashions and often it is worked out in co-ordinates—a slip, bra and girdle in sparkling champagne, for example, misted with a delicate beige paisley print.

Of course champagne may not be your "drink" of color. You may prefer creme or frosty mint. But

breathes there a lovely who would not feel more feminine and better-dressed for wearing delicious, blending shades of lingerie?

WITHDRAW FILM REDS DON'T LIKE

EDINBURGH, Scotland (AP)—A West German documentary, "Czar to Stalin," was withdrawn Monday from the Edinburgh Film Festival because of Soviet objections to the film's commentary.

The Soviet delegation was given a special showing of the documentary Sunday at its request and a running translation of the English-language commentary was made. Friedrich Embler, one of Russia's top directors, said afterward:

"We do not want to make a big issue of this but we feel the commentary turns the documentary into propaganda which is offensive, particularly to the memory of Stalin."

"PURELY HISTORICAL"

Festival Director Michael Elder said: "This film, which lasts 86 minutes, was purely historical. It contained newsreel shots of Czar Nicholas II, Lenin, Trotsky, Stalin and other Soviet leaders. The program notes claimed it was not political propaganda."

"The Russian delegation enjoyed the visual part very much but took exception to the commentary. The Russians said they were not going to protest in any

way although they did not like it.

"They were very pleasant about it, but the viewing committee decided this afternoon to withdraw the film after amicable consultations with the Russian and West German delegations."

Later, the director of the British company which will distribute the film for general viewing in this country after the festival denied the documentary was political or anti-Communist.

Miss Monroe died of an overdose of sleeping pills in Hollywood Aug. 5 at the age of 36.

17 KILLED IN PA. ACCIDENTS; 12 IN TRAFFIC

By THE ASSOCIATED PRESS

Twelve persons were killed in traffic accidents in Pennsylvania over the weekend, including a Jefferson County woman and her son who were injured fatally in a car-bus crash.

Among the five non-traffic fatalities—which pushed the overall death toll to 17—were a woman and a fireman killed in a blaze touched off by an explosion and a 15-year-old boy who was crushed to death when a wall of an abandoned school collapsed.

Two of the traffic fatalities occurred on the Pennsylvania Turnpike, making the death toll on the superhighway 16 for the month of August—only three short of the monthly high recorded in August, 1955.

CHILDREN ESCAPE

Mrs. Betty Brown, 30, of Reynoldsville, and her son, Randy, 7, died in the collision of their car and a bus on Route 949 Saturday 15 miles north of Brookville. Mrs. Alice Hoffman, 34, of Brookville R. 3, was the only bus passenger injured. Thirty-five children aboard the bus escaped injury.

State police said the brakes on the bus failed as it was traveling downhill. The bus was owned by the Assembly of God Church in Brookville.

The victims of the explosion Saturday which ripped a home in the Luzerne County borough of Exeter were Mrs. Daniel Roberto, 41, and fireman Paul Hartak, 50. Authorities said Mrs. Roberto was cleaning a gas-coal stove when the blast occurred. She died later in a Pittsford hospital of burns. Hartak died in the same hospital of smoke inhalation suffered while fighting the fire. Mrs. Roberto's daughter, Joan, 21, and a son, Thomas, 17, unable to reach their mother, leaped to safety from a porch.

Eugene Guzzo, of Easton, was killed Sunday when a two-story brick wall of an abandoned Easton school 98 years old—which was being torn down—collapsed as he and several other boys were playing in the basement. Five other boys were injured. Guzzo was crushed to death beneath tons of brick as he walked across a plank spanning a 10-foot deep hole in the basement.

HITCHHIKER KILLED

The other victims include: Bethel Township — Clement P. Ward Jr., 33, of Brooklyn, N.Y., was killed Sunday when struck by an auto while hitchhiking on Route 22 in Bethel Township, Berks County. Police identified the driver of the car as William Heffner, of Easton.

Lookout—Mrs. Kathryn Litzenbauer, 67, died Sunday of injuries suffered Friday night in a one-car crash.

Pittsburgh — Mrs. Helen Gross, 52, Pittsburgh, died Sunday of injuries suffered Saturday when the car she was riding in blew a tire and crashed into a tree.

Portage—Mrs. Mary L. Pisarki, 61, killed Saturday when struck by an auto as she crossed a street.

Lebanon — George L. Kreider, 56, Lebanon, killed Sunday night when his car crashed into a bridge wall.

Eddystone—James Jackson, 49, Philadelphia, was killed Sunday when his car went out of control and crashed into a utility pole.

Pittsburgh—Mrs. Fannie Schaffer, 35, of Pittsburgh's East Liberty section, was killed Saturday in a fall from a third-floor window.

Reading—Mrs. Dorothy Easton, 49, Elyria, Ohio, killed Saturday in a cross-over crash on the Pennsylvania Turnpike.

WADES IN ON TED KENNEDY

BOSTON (AP) — If President Kennedy's youngest brother were simply "Edward Moore"—instead of Edward Moore Kennedy—his candidacy for the U.S. Senate, in his first try for elective office, "would be a joke," his rival for the Democratic nomination says.

The two youthful candidates for the Massachusetts nomination—Kennedy 30, and State Atty. Gen. Edward J. McCormack Jr., 34, nephew of House Speaker John W. McCormack, D-Mass., met Monday night on the debating platform.

Television cameras and radio microphones carried their words throughout the state and beyond. McCormack went quickly on the attack with his reference to the magic Kennedy name.

Kennedy said the candidates "should not be talking about families or personalities, but about the people's destiny in Massachusetts."

and his sister onto the pavement. Leighton—Mary Donnelly Achen, 50, Scranton, killed and her husband and five children seriously injured when the car she was driving rammed through a guard rail and went into a ravine along the northeast extension of the Pennsylvania turnpike Friday night.

YOUNG CHIEFS POSE THREATS FOR ALGIERS

By MICHAEL GOLDSMITH

ALGIERS (AP) — A group of young guerrilla officers proclaiming leftist, anti-Western views sought today to impose their will on Algeria.

The officers lead some 20,000 unruly troops of the guerrilla Wilaya (zone) No. 4 occupying Algiers and the surrounding area.

The guerrillas' physical control of the capital gave them power and influence far beyond their relative strength. They paralyzed Deputy Premier Ahmed Ben Bella's Political Bureau and forced it Saturday to abandon its powers as the provisional government until three weeks after taking office.

BRINGS NEW CHAOS

The bureau's withdrawal brought new chaos to the infant nation. Ben Bella flew to Oran in western Algeria, where he felt sure of the loyalty of the Guerrillas of Wilaya No. 5.

The guerrilla warriors were more than ever in unchallenged control of their areas. Progress toward a centralized government was once more brought to a standstill.

The election of a Constituent Assembly scheduled Sept. 2 was put off indefinitely. No one could forecast when and how Algeria would obtain an elected legislature and an effective elected civil government.

FIERCE STATEMENT

Wilaya No. 4 issued a fiercely worded statement accusing the Political Bureau of betraying the Algerian revolution.

The statement, read to a crowd-

Johnson Confers With Turk Chief

ANKARA, Turkey (AP) — Vice President Lyndon B. Johnson

talked with Turkish leaders Monday about continuing American economic and military aid to this strategic North Atlantic Treaty Organization ally.

Sources said the vice president told them the United States foresees the need for direct economic aid for at least the next two years but is looking forward to the day when the help will be in the form of development projects rather than direct aid.

Premier Ismet Inonu and President Cemal Gursel gave Johnson an account of Turkey's own plans for economic recovery through a five-year program expected to be announced shortly.

Johnson arrived Sunday for a four-day stay in Turkey.

ed news conference, demanded an emergency meeting of the old revolutionary "parliament," the National Council of the Algerian Revolution (CNRA), to revise the nation's political leadership.

The 72-man council met in Libya during the Algerian war and laid down general policy for the nationalists. Members of the council belong to various factions of the National Liberation Front (FLN), the dominant nationalist group during the rebellion against France. Their public following has never been tested at the polls.

The guerrillas' 3,000-word statement was filled with bitter attacks on Algerian "neo-colonialists," "feudalists" and former collaborators with the French.

The Maryland State House in Annapolis is the oldest state house now in use in the United States. It was first used in 1779, while the Revolutionary War was in progress.

MRS. FINKBINE HOME FOR REST AFTER ORDEAL

CINCINNATI, Ohio (AP) — "My

family is my first job; getting the children readjusted is next," said a weary Sherri Finkbine, here to seek a few days of rest at her husband's family home nearby in Indiana.

There was a hint of her task in daughter Terry 7, when Mrs. Finkbine and her husband, Robert, arrived by air Sunday night.

They were on the last leg of the return flight from Mrs. Finkbine's trip to Sweden for an abortion. She underwent the operation because she feared her baby would be deformed since she took the sedative drug thalidomide during pregnancy.

GIFT PACKAGE

Terry ran to the steps of the plane when her mother descended and thrust a gift package in her hands.

Flashbulbs started popping, newsmen began questions and movie lights flared, and the girl became frightened. She started to sob.

"Let her alone," said Mrs. Finkbine. "She's scared."

The girl's father stopped to comfort her and she went back to the care of her grandmother, while Mrs. Finkbine and her husband agreed to talk briefly with newsmen.

HOPES FOR REST

Mrs. Finkbine said she hoped

Postmaster Hikes Reward To \$50,000

WASHINGTON (AP) — Post-

master Gen. J. Edward Day raised to \$50,000 Monday the reward offered for the solution of the \$1.5 million Cape Cod mail robbery.

Day told a House Government Activities subcommittee investigating the case that he is ordering the entire amount appropriated by Congress to his department for reward offers to be posted on this one case.

A reward of \$2,000 previously had been offered.

SAIGON, South Viet Nam (AP) — Prince Norodom Sihanouk, Cambodian chief of state, hinted Monday that the United States has rejected his plan for a new international conference on his country's neutrality. He added, in a broadcast, that he might soon be forced to conclude "an effective alliance" with Red China.

for a good rest with her husband's parents, Mr. and Mrs. Amos Finkbine of Lawrenceburg, before going home to Phoenix, Ariz.

She stated again her belief she had done right in the legal abortion gained in Sweden after being denied in Arizona. Swedish doctors indicated the tranquilizing drug had affected the unborn fetus.

Robert Finkbine said he had no idea when they would return to Phoenix where their other three youngsters are with Mrs. Finkbine's mother.

FAMILY DIES IN CAR FIRE AFTER WRECK

FLORENCE, N. J. (AP) — An

automobile with four members of a Brooklyn N. Y., family stopped on a bridge moments before a chartered bus plowed into it from behind, an investigator reported Monday. The entire family suffered a fiery death.

Twenty persons aboard the bus—19 women passengers and the bus driver—were injured, none seriously.

The accident occurred Saturday on the New Jersey Turnpike extension bridge over the Delaware River leading onto the Pennsylvania Turnpike.

AUTO HALTED

State trooper Vince Mattis said the automobile was at a halt in the right lane, perhaps with some type of mechanical trouble.

He said both vehicles burst into

flames on impact.

Mattis said it was not immediately determined how fast the bus was traveling. He was to question the bus driver.

The victims were Harold Gabor, 40; his wife, Roslyn 36; and their sons, Abraham, 11, and Richard, 6.

The bus driver, Herman J. Kaul, 47, of Proctorville, Ohio, was reported in fair condition Monday at Burlington County Hospital, Mount Holly, with possible internal injuries. The bus was enroute to Gettysburg on its way back to Charlottesville, Va.

WORLD BRIEFS

BELGRADE Yugoslavia (AP) — A Yugoslav passenger plane made a forced landing Monday on a mountain and was destroyed by fire, but all 28 passengers and four members of the crew escaped unhurt.

The Yugoslav Airline (YAT) plane took off early this morning from Mostar in Bosnia-Herzegovina for Belgrade. Engine failure forced the pilot to land on a 5,700 foot high mountain.

BURROUGHS GIVES VIEWS ON DEFENSE

HERSHEY, Pa. (AP)—Don Burroughs, who played most of last National Football League season with one eye and two broken hands, fairly bristles when he reads or hears that it was poor pass defense that cost the Philadelphia Eagles their title in 1961.

The Blade, as he is known because 188 pounds hardly fill out his 6-foot-4 frame, plays defensive safety for the Eagles. Despite his handicap Burroughs named to intercept seven passes last season.

"I've looked at movies of last year's games and can see where we goofed on some plays, but the making of a great pass defense depends on the pass rush," Burroughs asserts.

IMPOSSIBLE JOB

"The teams that pressure the passer have great pass defense," he said. "If you don't rush the passer you're not going to make many interceptions."

"It's virtually impossible to ask a defensive back to stay with a Del Shofner, Tommy McDonald, Ray Berry or any other fine receiver if a quarterback like John Unitas or Sonny Jurgensen is allowed ample time to throw the football."

Burroughs agrees with an observation a few years ago by former Eagles' head coach Buck Shaw, who said any passer in the NFL given six seconds or more to throw the ball will complete 70 to 75 per cent of his passes. If you force the passer to throw in 3 or 3½ seconds, his efficiency drops 40 per cent, Shaw said.

"I'm not saying our pass rush was inadequate last season," asserts Burroughs. "It just wasn't consistent enough."

Nashua still holds the record for the Peaskeens. He covered the one mile and three sixteenths in 1:54 3-5 in 1955.

NEGROES HAVE NO PROBLEMS AT ESCAMBIA

By J. WALTER JOHNSON

PENSACOLA, Fla. (AP)—Negro pupils who broke the racial barrier in nine Escambia County schools said there was no trouble and things went well in the classrooms.

The 21 children who Monday became the first of their race to enter previously white schools in northwest Florida may be joined today by another—Alver J. Nichols, 10.

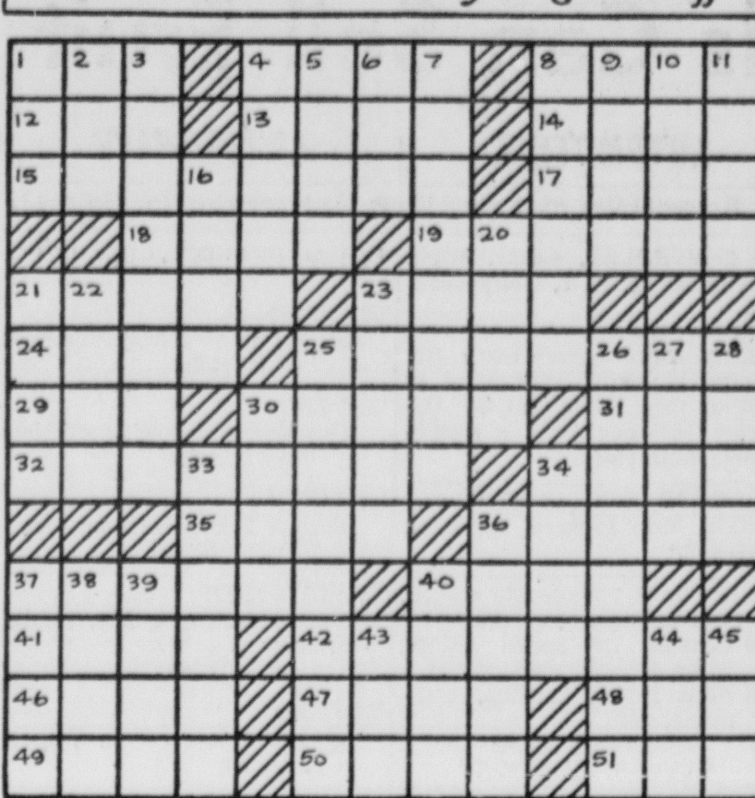

Alver backed out at the last minute Monday, telling his parents: "I don't think I could make it."

KIDS ARE NICE
His parents indicated, however, they probably would let him go to previously white N. B. Cook Elementary School until arrangements can be made for his transfer back to his former Negro school.

Sheila R. Harris, 16-year-old Negro senior who entered Pensacola High School, said that on the whole everything was very nice. "The majority of the kids were very nice to me," she said. "Nobody had any bad things to say to me."

"Of course I was apprehensive at first, but they helped me a lot. I lost my way to class twice and some students showed me how to get there. There were no complications."

SOVIET UNION IS BLAMED FOR WALL RIOTING

MOSCOW (AP)—The United States, in a note Monday, held the Soviet Union responsible for shootings and disorders along the Berlin wall and again invited it to a four-power conference to deal with the problem.

The note, delivered to the Foreign Office Monday, replied to a Soviet note to the United States Friday which protested stoning of Soviet troop buses in West Berlin and warning that "necessary measures" would be taken.

"The U.S. government understands the concern of the Soviet government about the stone throwing at Soviet personnel," the American note said, "but the Soviet government cannot expect to escape censure for, or to avoid the consequences of, permitting brutalities to occur in the sector of the city for which it is responsible."

WANTON PROVOCATIONS

The note cited what it called the "wanton provocations" in the Eastern sector.

"It should not be necessary to remind the Soviet government," it said, "that the present tensions in Berlin have been caused by the illegal erection of the wall and the senseless cruelty of the police of the Soviet sector."

The note was delivered less than 72 hours after the Soviet note was received, setting something of a record in exchanges between East and West Berlin.

The note called attention to the shooting of an East German youth Aug. 17 by East German police, who let him bleed to death without aid. It recalled also that on Aug. 23 "another young German was shot in the back by the police of the Soviet sector."

He was taken to a West Berlin hospital but died there.

Sharp Decrease In Penna. Births

HARRISBURG (AP)—Statistics from the State Health Department showed a sharp drop today in the number of births in Pennsylvania in the first quarter of 1962, compared to the same period last year.

A department aide said 52,373 births were recorded in the state during January, February and March while 67,394 were reported in the first three months of 1961.

Deaths, however, increased during the period from 29,705 in 1961 to 32,007 in 1962.

NINE FLORIDA SCHOOLS TAKE NEGRO PUPILS

PENSACOLA, Fla. (AP)—Negro pupils entered nine previously white Escambia County public schools Monday. The desegregation was done quietly and no incidents were reported.

Twenty-one Negroes went into the schools in the first such move in northwest Florida. There were virtually no spectators on hand at the schools, which are scattered throughout the city and county.

One Negro scheduled to enter N. B. Cook Elementary School in northeast Pensacola, Alver J. Nichols, did not show up. School officials said there was no indication why. His parents could not be reached for comment.

Four—the most at any school—arrived at Pensacola High School without incident.

The move was voluntary, jumping the gun on a court order which gave the county until next year to integrate its schools.

A court order issued last month decreed that at least two grades be integrated, and at least one grade each year thereafter.

Escambia is the sixth Florida county to desegregate schools.

BLOOM WANTS INVESTIGATION

HARRISBURG (AP)—Republican State Chairman George I. Bloom has called for an immediate investigation into the alleged shakedown of state highway employees to help Democrats raise campaign funds.

The shakedown charge was first brought up over the weekend by U.S. Rep. William W. Scranton, Republican candidate for governor.

Bloom joined in Monday, chiding the Lawrence administration for denying the charge. "What they have not denied," he declared in a statement, "is that highway superintendents from 66 counties were summoned to meetings in the Democratic State Committee headquarters together with bagmen selected from each highway district office which they conveniently called liaison men."

"If, as the governor says, Congressman Scranton's charge is ridiculous, then let him explain what highway business these state employees had to discuss with Democratic State Chairman Otis Morse," Bloom challenged, adding: "An immediate investigation by the state attorney general or by the district attorney of Dauphin County will confirm everything that Congressman Scranton has said about this statewide conspiracy to spur lagging political collections from highway employees."

World Briefs

LONDON (AP)—British paratroopers will fly to Greece to take part with Greek, Turkish and American army, air and naval forces in a NATO field training exercise in northern Greece and Turkey in September. Known as "fall trap," the exercise will run from Sept. 25 to 28.

SARK, Channel Islands (AP)—A member of Sark's Parliament was fined 2 pounds (\$5.60) Friday for riding the ruler's electrically driven invalid chair on the island's roads.

Only horse-drawn vehicles and tractors are allowed in Sark. The electrically propelled chair is for the exclusive use of the island's ruler, the dame of Sark, Mrs. Sybil Hathaway, 78, who suffers from osteo-arthritis. Before she could use it the island's Parliament had to pass a special law earlier this year.

SAN SEBASTIAN, Spain (AP)—Eight persons are under arrest in connection with the Aug. 19 explosion of a plastic bomb near Ayete Palace, Generalissimo Francisco Franco's summer residence here. Franco was not at home at the time.

Officials said Friday that the eight, including two women, were considered to be connected with the Basque separatist movement. Officials said the police suspect that the person who placed the bomb came from France.

CALCUTTA, India (AP)—About 100 road workers were reported washed away Monday by flood waters of the river Teesta in North Sikkim.

Dispatches from the area said two strategic bridges constructed in the border protectorate by Indian army engineers gave way.

UPPSALA, Sweden (AP)—A new Soviet nuclear test in the atmosphere above the Novaya Zemlya region was registered Monday the Seismologic Institution at Uppsala University.

BERLIN (AP)—An East German policeman took advantage of the changing of the guard Monday to escape across the Red wall to West Berlin.

Eyewitnesses said the policeman found himself alone for a few minutes while border guards were being changed along the wall.

Announce Ike Will Speak At Scranton

SCRANTON, Pa. (AP)—The Lackawanna County Republican committee says former President Dwight D. Eisenhower has agreed to introduce Congressman William W. Scranton at a rally here Sept. 14.

The introduction of Scranton, Republican candidate for governor, will mark the former chief executive's first public participation in the statewide campaign.

Attorney Edward M. Murphy, chairman of the event to be held in Watres Armory, said Monday night confirmation was received from Eisenhower while he was in Europe.

Eisenhower is also scheduled for two other appearances—at Hershey Sept. 25, and at Bedford Springs Sept. 27. Both are fund raising events scheduled by the State GOP Finance Committee.
